GET TWO DATA TAPES FREE

BBC Mastermind
(VS 3511) £9.99
Requires 8K or 16K expansion.

This program is a VIC 20 version of the most popular television quiz contest. All the questions and answers for both general knowledge and specialist subjects have been prepared by Mastermind co-ordinator, Boswell Taylor. Mastermind can be played by one, two, three or four contenders.

There are four additional General Knowledge programs and four additional Specialist Subjects.

Receive two extra tapes free worth £3.98 with your order.

Commodore Special Offer

Buy two for the price of one! £4.99
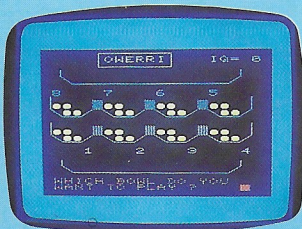

Blitz (VS 2201)
Keyboard game.

You are the pilot of a bomber aircraft. You must flatten the skyscraper city below in order to land your aircraft without crashing. Each time you pass over the city your aircraft gets lower — beware of crashing into the side of a skyscraper or the game is over.

Counting (VS 0903)
Counting has been written to encourage pre-school children to count. It does so by displaying a random number of objects (between 1 and 6) on the screen and then overprinting the number of each object as the child presses any key. Once the child has learnt that pressing a key causes a number to appear, the parent can then take the child's hands, press the correct key and then say the number that appears. After a little while the child will be counting the objects by himself.
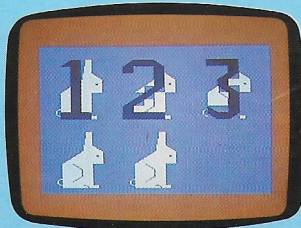

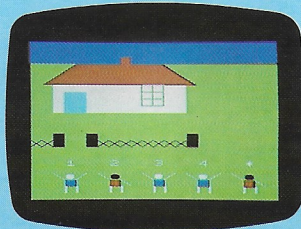

African Beads (VS 0901)
Requires any memory expansion.

You and your opponent (either the computer or another player) both have four bowls, each containing four beads. By moving the beads from bowl to bowl you try and get the most beads in your bowl. The winner is the one at the end with the most beads.

Odd Man Out (VS 0900)
Requires 8K or 16K expansion.

You have to guess which of four men matches another man. If you are right, you can then make the last man kick a football to knock a house down!

PRICES REDUCED FROM £9.99 to £7.49

Know Your Own Personality (VS 3504)
Requires 8K or 16K expansion.

Based on the best selling book by Professor H.J. Eysenck, Professor of Psychiatry, University of London and Dr. Glenn Wilson, also of the University of London, it provides users with fascinating glimpses into the workings of their own personality.

Know Your Childs IQ (VS 3503)
Requires 8K or 16K expansion.

Prepared from the book by Dr. Glenn Wilson and Dianna Grills of the Institute of Psychiatry, University of London, both international experts in behaviour and intelligence, this program presents a series of IQ tests with tamperproof automatic scoring for children between the ages of 5 to 11.

Know Your Own IQ (VS 3502)
Requires 8K or 16K expansion.

Based on Professor Eysenck's best selling book, this program presents the most used and most respected series of IQ tests for adults. Scoring is fully automatic and tamperproof.

Quizmaster (VS 3501)
Requires 8K or 16K expansion.

This is a unique "utility" program which allows you to Create, Edit, Save and Run your own 40 question quizzes. Ideal for fun or as a unique revision and teaching aid for your children.

VIC Road User and Highway Code (VS 3507)
Requires 8K or 16K expansion.

Based on the Highway Code, this program tests knowledge of the Highway Code and Road Safety for pedestrians and all road users in a competitive and humorous way. Extensive use is made of the VIC 20's graphics.

Quiz Master
(VS 0275) £5.99

Requires minimum 3K expansion.

An educational system that's fun to use, with large, growing library of quizzes. Consists of a program tape and a series of subject tapes.

Keeps scores for one or two participants — two points for a correct answer, and one point if you answer correctly on the second attempt. If you do get it wrong the first time, the first few characters of the correct answer are displayed to give you a second chance. On some quizzes for example FRENCH, you can specify that you want questions from French to English or English to French.

QUIZ MASTER very cleverly will often accept more than one answer to the same question, i.e. Who introduced tobacco and potatoes to Britain? The answer could be "Raleigh" or "Sir Walter Raleigh" or "Walter Raleigh".

QUIZ TAPES have been set by professionals and each quiz tape provides four quizzes, two on each side, with an average of two hundred questions per tape.

Current QUIZ TAPES £2.99 each
Quiz 100 (VS 0276) General Knowledge
Quiz 110 (VS 0277) General Knowledge

Here's a fast paced game that'll keep you hopping back for more. As you work your way up and down the levels catching the falling objects, you are constantly aware that one mistake, and you could fall down into the deadly spikes.

VicSoft

Amok (VS 0404) £6.95

The halls of AMOK are populated by robots out of control and out to get you. To save yourself you must be quick on the draw and fast on your feet. One of the best games for the unexpanded VIC!
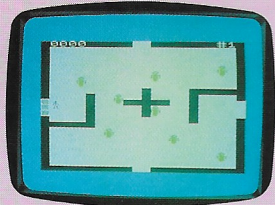

Skymath

(VS 0427) £6.95

Specially for young children! Addition and subtraction problems with an entertaining audio-visual presentation. Two radar telescopes display the sum on screen. Get the answer wrong and the saucer comes along and blasts the figures away. Requires either 3K or 8K expansion.

Kosmic Kamikaze

(VS 0414) £7.95

Requires 3K or 8K expansion.

The aliens are back making a suidical attack on the Earth. Most of them are destined to die, but if just one gets through, then the Earth may be lost! Hold them off as long as possible and destroy the Mothership.
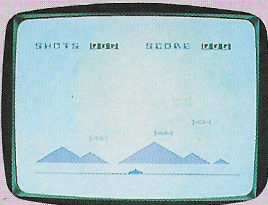

Satellites and Meteorites (VS 0425) £19.95

The best VIC asteriods-type game ever! A graphically brilliant version of the famous Arcade game, with a thrilling new hazard — the Black Hole! Plus — It uses the full screen area! No more borders — the final frontier overcome.

Outworld (VS 0421) £19.95

Cartridge.

Outworld is the hub of the mining colony on a distant planet. Life for the colonists is fraught with danger. Meteorite showers and a mysterious alien race are bent on destroying the city and taking over the valuable mineral deposits. A force field and laser base can keep the skies clear of aliens and meteorites to allow the energy ship to land and take off.
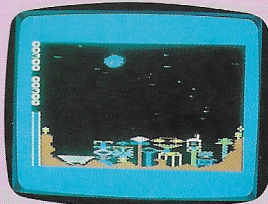

Tank Attack

(VS 0420) £19.95

Latest report from the Battle Zone — You are stranded in a desolate plain, commander of the only tank left to hold off the advancing enemy tanks and missiles. Your radar helps you to be ready to strike first as soon as the enemy is in range, but accuracy is essential — you'll only get time for one shot!

Minikit (VS 0415) £7.95

Minikit is a small, but powerful machine code program which provides valuable aids to the BASIC programmer. Includes shorthand entry, automatic line numbering, character search, block delete, line trace, and special screen editing.
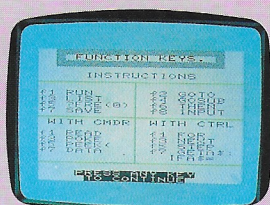

Spiders Of Mars
